GIRL SHOTS TWO MEN.

Takes Emphatic Measures and Stops Disturbance.

ONE PARTY CANNOT LIVE.

With the Aid of a Rifle Miss Annie Coplen of Gillette, Colo., Promptly Puts a Quiet on Some Persons in Front of the Family Domicile.

Cripple Creek, Colo., Sept. 11.—Armed with a rifle, Miss Annie Coplen of Gillette, twelve miles from Cripple Creek, fired as rapidly as she could into a group of men who were making disturbance in front of her mother's home. Robert R. Young, an operator at the cyanide plant at Gillette, was wounded over the right eye and cannot recover. Wilbur Rand was shot in the right leg. Miss Coplen was brought to Cripple Creek. Her mother declares the girl fought a battle with the men and won the victory.

ARRIVE AT ALBANY.

Form in Square and Exchange Salutes With Fort and Ships.

Albany, West Australia, Sept. 11.—The American battleships arrived here after their 1,300-mile voyage from Melbourne at 7 o'clock Friday evening. While still half a mile off Ming Point they formed in a square and exchanged salutes with the fort, the British cruiser Gibraltar and the Chilean training ship General Baquedano. At about 10 o'clock, headed by the Connecticut, weighed anchor and proceeded to Princess Royal harbor, where the coaling and shipping piers and docks were speedily cleared for taking in full supplies of coal. The ships are preparing for the voyage to Manila. The harbor is brilliant with the flags of various nations, but the American colors predominate.

AUSTIN WANTS SHOPS.

Oldest Son of George Gould Is Asked About Matter.

Austin, Sept. 11.—Klindon Gould, the oldest son of George Gould, passed through here in his private car on the International en route east. He has been in Mexico studying mining matters the past several weeks. While here the question of removing the International and Great Northern shops from Taylor to Austin was broached to Mr. Gould, now that the shops at Taylor have been burned, and it is understood that a strenuous effort will be made to have the shops rebuilt at Austin.

The state printing board awarded contracts for first and second class printing to the Von Boeckmann-Jones company, without any changes being made in the grade of paper or in the original amount of contracts. These two contracts were held up, as the board wanted a better grade of paper.

Colonel Mike Sweeney, manager of the Texas Car Service association, conferred with the railroad commission regarding new rules on demurrage and regulations to be issued by the commission.

The railroad commission has issued an order granting the proposed carload rates on drugs, listing as third class coffee packages containing premiums, readjusting carload rates on rails and fastenings and subjecting plow handles to lumber rates.

Desperate Encounter.

Chicago, Sept. 11.—Former City Collector Joseph Martin, for many years a leading Democratic politician and advisor to the late Governor Altgeld, was arrested after a desperate encounter with Peter McLeon, contractor, in which McLeon was stabbed twice and Martin severely injured. The fight took place before Martin and McLeon's homes, on North State street. The men quarreled over money alleged to be due to Martin, for whom McLeon acted as real estate agent.

A Southern Pacific oil train was derailed near Weimar, Tex., delaying traffic twelve hours.

TEMPORARY TRUCE.

McCarren Delegates to Be Given Seats in Convention.

Chicago, Sept. 11.—Information has come to Democratic national committee that a temporary truce has been concluded between Charles F. Murphy, the leader of Tammany Hall, and State Senator McCarren of Brooklyn, and that until election both sides will lay aside their differences and

PATRICK H. MCCARREN.

join in an active campaign for the national and state tickets of New York state.

William J. Conners, Democratic state chairman of New York, and Senator McCarren are said to have had an hour's conference at New York City, at which arrangements were entered into by which the McCarren delegates to the Democratic state convention at Rochester will be seated.

The situation in New York state is declared to be in every way satisfactory. Every delegate holding a proper certificate of election will be seated and the Rochester convention will be harmonious.

Deception Continues.

London, Sept. 11.—The alliance is continuing its opposition to the appearance of the host in the procession to be held at this city next Sunday in connection with the Eucharistic congress. It telegraphed an appeal to the home secretary to prevent the carrying of the host and wearing the vestments on that occasion. The appeal concludes with these words: "Any other course will involve grave danger to the public safety. If riot and disorder should result the responsibility rests with the home office, which has ample warning of the state of feeling in London."

Presidential Candidates to Meet.

Chicago, Sept. 11.—Bryan and his rival candidates for the presidency meet Oct. 7 at a banquet to be given by the Chicago Associate Commerce association, according to an announcement made by W. B. Moody, business agent of the association. The speeches will be non-political.

THE CITY NATIONAL BANK

Solicits your Deposit and Checking Account upon the basis of Absolute Responsibility and a Square Deal.

Our Responsibility is based upon our Capital Stock and Surplus, amounting to \$140,000 and upon the Financial Responsibility of our Individual Share-holders.

The City National Bank

G. S. PARKER, President.

E. H. ASTIN, Vice President.

A. W. WILKERSON, Cashier.

E. W. CRENSHAW, Asst. Cashier.

ONE OF THE LARGEST.

Not Less Than Six Hundred Million Tons of Iron Ore.

Albany, N. Y., Sept. 11.—One of the largest iron ore reserves in the present fields of iron mining has been located in New York state, according to a report submitted today by Dr. John Clarke, state geologist. Dr. Clarke has just completed an investigation of the iron mining fields of this state and reports the field presents for exploitation in the so-called Clinton formation, a situation in the central and western sections of the state which, according to conservative estimate, carries a volume of minerable ore of not less than 600,000,000 tons.

Separated into Sections.

London, Sept. 11.—After the celebration Friday morning of pontifical high mass in Westminster cathedral by Archbishop Utrecht, who was assisted by a number of other prelates, the delegates to the International Eucharistic congress separated to attend the various sectional meetings scheduled for the morning hours. Cardinal Logue presided at one of the English meetings, at which papers were read on "The Eucharistic League" and "Sacramental League for the Promotion of the Daily Communion."

Cattle Receipts.

St. Louis, Sept. 11.—Cattle receipts Thursday were 5,500, including 3,700 Texans.

Bryan Morning Eagle

Entered at the Postoffice in Bryan,
Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, SEPT. 12, 1908

Foraker has grown tame enough to
eat out of Taft's hand.

Mr. Taft is a first class rear platform
orator. He says so himself.

These be the days when a school that
don't open with vaccination is not up-to-date.

Wild geese have arrived in the bays
along the coast of Texas. Look out
for a norther.

Orville Wright has dethroned the
eagle, which heretofore has reigned
supreme as king of the air.

The Union warehouse here has been
completed and will be turned over
to the stockholders next Monday.

President Neal of the Farmer's
Union estimates the Texas cotton crop
at about 3,000,000. He ought to know
as much about it as anybody does.

Uncle Joe Cannon charges that
Bryan is a millionaire, but the accused
repels the accusation as a base slander.

"Mr. Bryan turns optimist," says
a headline in the Galveston News.
Mr. Bryan has always been an optimist.

If President Bryan would send Hobson
to Japan on some sort of a mission
quit his job.

Democrats all over the country hope
that the Illinois Ding Dang Bell will
ring joyously and that the Illinois
Cannon will be spiked on November
3rd.

One Democratic campaign fund will
do more good than a thousand dollars
sunk in Thomas W. Lawson's "national
stock."

If Wilbur don't hurry up with his
Paris experiments people will conclude
that he is the wrong Wright. Orville
has already demonstrated that he
is the right Wright.

The efforts Nacodoches is making
to let the world know the truth about
its tobacco will benefit many other
towns, including Bryan. Brazos county
has tobacco lands, too.

The St. Vincent, the biggest battleship
ever floated, was built in eight
months. What's the use to be in a hurry
about getting warships? We can
soon build them if we ever need them.

Bryan is vitally interested in the
improvement of inland waterways.
When the big steamers ply on the
Brazos the wharves at Bryan landing
will be only five miles from the center
of business.

It will be a good while until the
next municipal election, but The Eagle
prophesys at long range that if Mayor
Maloney runs for re-election on a
municipal-ownership-of-public-utilities
platform he will be hard to beat.

The Texas Commercial Secretaries
Association denies that it is a political
organization, but it will keep a
lobbying committee at Austin during
the session of the legislature. If the
Farmers' Union did such a thing there
would be a howl from the same newspapers
and politicians that are now
boosting the commercial secretaries.

Your merchant handles fresh home

Judging His Future by His Past.

The Denison Herald observes: "Current
Issue makes the prediction right
off the reel that Mr. Milner is going
to make good as the head of the Agricultural
and Mechanical college. The
Herald sincerely hopes that he will
and he can count on the hearty support
of this paper in any and every way
to that end. The Agricultural and
Mechanical college is an institution in
which the Herald has always taken a
great interest. It has done some
splendid work and there is a great
field for future work. The school is
needed and it should be placed on the
most efficient basis."

Well, why shouldn't Colonel Milner
make good as the head of the Agricultural
and Mechanical college? He
has made good at everything else he
has undertaken, and his efforts have
not been circumscribed by narrow limits.

As a member of the lower house of
the Texas legislature he made good as
a legislator, and subsequently as
presiding officer of that body he made
eminently good as speaker, as some
of the best laws on the statute book,
enacted during his term of office, afford
abundant proof. As a private citizen
he made good, winning the fullest
esteem and confidence of his
neighbors. As a newspaper man he
made good. In a small town a paper that
exerted a wide influence in shaping
public thought along beneficent lines
for the whole State. As a commissioner
of insurance, statistics and agriculture
he made good by placing that
department on an efficient basis, and
since the division of those duties and
the creation of the department of
agriculture with a wider scope of work,
he has made good as commissioner of
agriculture, placing that department
on an effective basis where its manifold
usefulness is recognized by all.

In everything that he has undertaken
he has demonstrated rare executive
ability, and those who know him
best have no fear that he will not
make good as president of the Agricultural
and Mechanical college.

We should hate to think that there
are any so unpatriotic as to fear that
he may make good.—Houston Post.

"A little learning is a dangerous
thing." For instance, one of our
exchanges mixes French and Spanish
most recklessly.

American made agricultural implements
are sold cheaper in South
America than in Texas. Yet Mr. Taft
says some of the tariff schedules are
too low.

Russia is suffering from war, pestilence
and famine. Such are the fruits
of a great centralized government,
such as the Republicans are seeking
to establish in this country.

The anti-suffragettes argue that
women should not vote because they
do not bear arms. But women do
bear arms. In both cases it is done
for show, so the only difference is in
the spell.

Speaking of hazing

An Automobile in Town.

Madisonville saw her first automobile
Sunday evening, when Mr. and
Mrs. W. P. Stamps of Beaumont, en
route to Wichita, Kansas, drove a
Ford touring car into town, stopping
for the night at the Shapira hotel.

Quite a number of amusing anecdotes
are going the rounds as to the
surprise occasioned by unwary pedestrians,
especially negroes, who were
overtaken on the roads by the tourists.
Some of them dashed right
through barbed wire fences in their
efforts to get away from the horseless
carriage, one old negro woman in
the Connor community saying she
thought it was some of God's people
come down to look over the world.—
Meteor.

The Clevelanders are making much
of the fact that the parading laboring
men utterly ignored John D. Rockefeller
last Monday, though the line passed
within ten feet of him. Well,
can't labor ignore him one day in the
year when he ignores labor the other
364?—Houston Post.

No amount of book learning
can compensate for keeping a boy under
such brutal influences.

The Republican organs are as mum
as mice now about rear platform oratory
and canned speeches. Their
cause is so desperate that their candidate
has resorted to both, like a
drowning man catching at straws.

The Texas Federation of Labor will
demand of the Thirty-first legislature
a compulsory education law. This
question has not been sufficiently discussed
in Texas for public opinion to be
crystallized and no hasty action
ought to be taken. It is a matter of
great importance—one which involves
the fundamental principles of society
and government.

There was a time in some of the
Southern States, about forty years ago,
when men risked liberty, property and
even life for the democratic party, and
to this good day some of them never
asked a favor at its hands. If the
other members of the party will put
as much as these old men will do
to help the party triumph at the polls,
Bryan will have a campaign fund nearly
as large as Mark Hanna raised to
defeat the Nebraskan in 1896. And of
a certainty it took a pile of it.—Texarkana
Courier.

MORE BANK TALK

D ID it ever occur to you why all good
business men keep a checking account with
a bank? We will tell you. It enables
them to keep their funds in a more secure
place than the office safe. It gives them a better
standing in the business world. It enables them
to pay their bills by check, the returned check
being a receipt. Individuals find a checking
account very convenient and a source of saving.
Money in one's pocket is often spent on the
spur of the moment, while one is disposed to
think twice before drawing on his balance in
the Bank.

METHODIST CHURCH.

Sunday School, 9:45 A. M.

Preaching by the pastor at usual hours both morning and evening, subject of morning discourse, "Transfiguration." The public and especially strangers who may be in our city are cordially invited to worship with us.

J. B. Turrentine, Pastor.

O. E. Griffin of Wellborn has sold to C. L. Ramsey of Mineral Wells 230 acres of land at Wellborn for a consideration of \$1,850.

Jim Dobrovolsky, agent for the celebrated old Delmonico whiskey.

Mr. M. S. Freeman, a progressive merchant from the thriving little town of Harvey, did business with Bryan wholesalers yesterday.

Mrs. Kate Robinson and Miss Lillian Robinson of Wellborn are the guests of Mrs. R. V. Kernole and Mrs. Alton in this city.

Place for sale. Rich land. 106 acres on Madisonville road. 5 miles from Bryan. Charley Deluke. Apply to Luke D. Palermo. d204. w50.

Mr. J. C. Atkins left for a prospecting trip to Childress yesterday. Mr. Atkins is one of the progressive and prosperous farmers of the College community.

The first oysters of the season will reach Bryan Wednesday. Served in any style. Family trade solicited. C. C. Edinburg.

Messrs. Henry Robinson and Ed. Derden returned from Hempstead where they attended the funeral of Mr. Joe Robinson which occurred there Friday morning.

Fresh oysters received daily throughout the season. Family trade solicited. Tom Lee & Co. restaurant, Main street.

Mrs. McCroskey of Bay City is here for the purpose of placing her two sons in school. The older of these will attend A. J. and the other has been placed with Allen Academy.

Mr. Rudolf Myers, who disposed of his interest in the firm of Boyett & Myers to his partner Thursday, left Friday for Dallas, where he will have a position with Trezevant & Cochran, general insurance men.

CITY COUNCIL

Held an Important Meeting Friday Afternoon.

The most important act of the city council at its meeting yesterday afternoon was the appointment of a committee consisting of three of its members to consider the feasibility of the city acquiring and running its own water plant. The committee is composed of Messrs. Ed Derden, E. J. Fountain and G. M. Brandon and they are expected to investigate the condition of the waterworks now operated here by private capital with a view to the purchase of same by the city, and to consider ways and means of making the purchase if it is decided so to do. The committee is to make a report to the city council at the next regular sitting of that body.

At the meeting yesterday were: Mayor J. T. Maloney, City Secretary Frank Clarke, Aldermen Ed Derden, E. J. Fountain, J. E. Covey, G. M. Brandon and City Marshal Boyett.

Aside from the appointment of the committee for the purpose already stated the council ordered a water tank of 1000 gallons capacity to be placed at the rear of the Exchange hotel to be used in flushing the gutters on Bryan street. This work is to be done immediately.

The fire committee was authorized to examine the fire equipment of the city, and sell that which is not available for use by the fire department.

It was also decided to stop farther street work for the present, and Alderman Covey and Deputy Marshal Shelburne instructed to sell one pair of the city's mules. The mules will be disposed of because street work will be discontinued and they will not be needed; but there will be no sacrifice sale. Mr. Covey says, "Curtis knows what those mules are worth, and he will get the price." The council ordered that the animals be sold for their value.

Mayor Maloney was authorized to have the city ordinances codified. The 500 feet of fire hose recently ordered by the city has arrived.

Other matters before the council were largely of a routine nature.

TEACHERS' INSTITUTE.

The City Teachers' Institute closed yesterday after a most successful session. The interest manifested in the various subjects illustrated and discussed may be taken as an earnest of the good results to accrue to the schools from this character of work.

Miss Weddington gave a most interesting history lesson.

Miss Burtis gave a lesson in primary methods.

Superintendent Lawson devoted an hour to arithmetic.

Prof. Kinnard discussed Herbert and Herbartians.

Miss Board gave a lesson on birds.

Miss Annie Dearing illustrated the method of teaching the courtship of birds.

County Superintendent Parker will deliver an address to the teachers, which was highly appreciated.

Superintendent Lawson made his regular afternoon talk on school matters.

Mrs. Estill led in the discussion of women educators, which was well done.

The institute has been of great help to the teachers and will bring better results to the pupils and patrons of the schools.

The ladies of the Christian church are preparing to give a "Unique" entertainment on the night of October 2. This is the only announcement the ladies will make concerning the event, and a reference to the dictionary fails of enlightenment. Under the circumstances, however, with a copy of the dictionary before us and a remembrance of the successes which the ladies of this denomination have brought about, it seems safe to say that the entertainment will be "without a like or equal."

Increase in Rendition. Decrease in
Amount Collected.

County Tax Assessor J. H. McCullough, and his efficient office force
have just completed the Brazos county
tax rolls of property rendered for taxation.
An itemized report follows:

Acres assessed, 365,309; value, \$2,083,999.

Value of city property, \$1,041,375.

Number of horses and mules, 5094; value, \$261,470.

Number of cattle, 12,162; value, \$80,230.

Number of Jacks and Jennets, 26; value, \$2425.

Number of sheep, 1666; value, \$2060.

Number of goats, 525; value, \$450.

Number of hogs, 4359; value, \$8342.

Number of dogs, 15; value, \$305.

Number of buggies, wagons and other vehicles, 1920; value, \$49,095.

Value of goods, wares and merchandise, \$304,375.

Value of materials and manufactured articles, \$250,000.

Value of tools, implements and machinery, \$56,360.

Value of steam engines and boilers, \$17,665.

Credits, \$89,985.

Miscellaneous property, \$50,705.

Poll list, \$5447.75.

Total values assessed, \$6,954,417.

Total taxes to be collected on above valuation, \$59,543.91.

While the value of the county as estimated by the tax rolls is \$341,752 greater than last year, the amount of taxes to be collected will be \$2,925.26 less than last year.

STEVE LOBELLO'S FUNERAL.

Hundreds of Friends Pay Reverence to the Dead.

The funeral of young Steve Lobello, who died at the home of his parents two miles west of Bryan Thursday, occurred at St. Antonio church here Friday, Rev. Father De Simone officiating. Impressive music was rendered during the service by the choir. At the conclusion of the services in the church the funeral procession, measuring nearly half a mile in length, was formed and wended its way to the city cemetery, where interment occurred. The pall bearers were: Messrs. Chas. Noto, Philip Noto, Luke Muro, Angelo Schumacher, Tony Reconto, and Joe Cangeloco.

Deceased was a member of one of the leading Italian families of this section, and the large number who turned out yesterday to honor his memory indicates the esteem in which he was held.

Accepted the Challenge.

Will C. Mahoval has accepted the challenge of Joe Savini, and will meet him in Bryan at the opera house on the night of Sept. 23, for the championship of the South, with this agreement: Three, pin fall, no hold barred—everything goes. Purse \$200, the winner getting 60 per cent and the loser 40 per cent. Ten minutes rest will be allowed after each fall. Savini is satisfied with the agreement of Mahoval and the match will take place Sept. 23 at the grand opera house at 8:30 p. m.

JOE PARELLA,
Manager.

Many a Woman

Has experienced the loss or wear out of some of the working parts of the common or ordinary makes of machines, which could not be replaced. If you buy a Singer you get the best machine made and from a company that is in every town and city in the United States.

Dissolution Notice.

By mutual agreement the firm of Boyett & Myers has this day been dissolved, C. E. Boyett continuing same under the firm name of C. E. Boyett.

Mr. Boyett will assume all indebtedness of the old firm and collect all accounts that may be owing it.
Signed, **BOYETT & MYERS,**
Bryan, Texas, Sept. 10.

In severing my connection with the firm of Boyett & Myers, I take no responsibility for any difference in the future.

Speaking of having a business ought to be expressed.

No amount of book learning can compensate for a general amount of business which it has given us, and bespeak for Mr. Boyett a continuation of its favors.

Respectfully,
R. R. MYERS.

Bryan, Texas, Sept. 10. 247

DISTRICT COURT.

Fair progress is being made with the damage case of M. Wolfe & Co. vs. H. & T. C. Ry. Co., though it is not likely a decision will be reached before the latter part of next week.

The plaintiff completed submission of prima facie evidence yesterday afternoon and later in the day the defendant placed the first witness.

A divorce was granted yesterday. The grand jury returned two more indictments and adjourned until Monday.

I will be prepared to serve fresh oysters next Wednesday. C. C. Edinburg.
